Conference Pre-Trainings

Addressing Alcohol-Related Public Safety Problems through Prevention, Enforcement and Prosecution

October 22—23

Alcohol continues to have some of the most damaging effects on Montana communities and contributes to a quarter of all crimes committed. This training will provide tools to mitigate the negative impacts of alcohol.

Topics include:

- Increasing Accountability Through Search Warrants, Senate Bill 42
- 24/7 Program, A Year in Review
- Aggravated DUI
- Over-Service and Problem Establishments
- Combating Underage Drinking Strategies including a discussion on Minor in Possession Laws

Human Trafficking for Criminal Justice Professionals

October 23

The Polaris Project will conduct this human trafficking training. Polaris has rated all 50 states and the District of Columbia based on ten categories of laws critical to a basic legal framework that combats trafficking, punishes traffickers and supports survivors. Within this rating, Montana is categorized as one of the “faltering four” states due to lack a of investigative tools, training, and trafficking task forces.

This comprehensive training includes:

- Defining Human Trafficking
- Investigation and Prosecution of Human Trafficking Cases
- Advocacy for Human Trafficking Victims
- Collaboration/Task Force Development to Combat Human Trafficking

Juvenile Detention Alternatives Initiative Training

October 22—23

Monday, October 22nd:

- 1:00 PM to 5:00 PM - Analysis of Juvenile Detention Alternative Initiative (JDAI) pilot sites’ data and round table discussion/sharing of pilot sites’ problems and successes.

Tuesday, October 23rd:

- 8:30 AM to 4:00 PM - Burns Institute Reducing Racial and Ethnic Disparities among American Indian/Alaskan Native youth session. The first half of the session will be devoted to general training. The second half of the session, the facilitators will work with each individual site’s stakeholders and data to develop site specific plans to reduce racial and ethnic disparities.
- 4:00 PM to 5:00 PM - Dusten Hollist, Ph.D., University of Montana, will present the findings and recommendations resulting from the evaluation of the JDAI Risk Assessment Instrument (RAI).
